To Who It May Concern

I would like to take this opportunity to say what a great job Bob Winstead and Pat Churchman along with all the other personnel associated with Meiner's Electric has done at the above referenced project. I had never worked with Meiner's Electric prior to this job and was nervous because we were on a fast pace project and did not know what type of response Cardinal Services, Inc would receive. I can truthfully state that the work has been performed in a very professional and efficient manner. Response to all requests have been handled the same way.

Look forward to working together on many more jobs together

Once again all work has been outstanding, and done in a very professional manner.

Cordially
